

Center for Aphasia Research & Treatment

INTENSIVE APHASIA PROGRAM

The intensive therapy program is a 4-week, full-day program that is offered four times throughout the year. It is a self-pay program.

RESEARCH OPPORTUNITIES

We have multiple studies that involve aphasia treatment for up to 6 weeks. Some studies occur in-person and some studies can be done from home.

APHASIA COMMUNITY GROUPS

We offer a variety of groups for people with aphasia living in the community. Examples include Conversation Group, Book Club, and Aphasia Choir. Groups occur weekly, both in-person and online via Zoom.
